As if to illustrate what he was saying, he had picked up a bit of brick from the broken pavement, and tossed it up in the air, and as he spoke it fluttered about their heads on delicate blue wings, a butterfly. He put out his finger and the butterfly lighted on it. He shook his finger and the butterfly fell to the ground, a fragment of brick. "Oh, yes, like this," and sailed back down smooth as a cloud on the south wind. . . spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a emphasis on the last word, and inwardly murmured, "Avert." Ogon shook his head. He let his sending sit down in the grass near Heleth, though it did not bend the stems of the grass where it stepped or sat. "I've done nothing but set the city in a panic," he said. "And send the ships out of the bay. What is it you feel? How do you feel it?" Neither spoke for a while. She could just make out the bulk of him in the leafy shadows. "You're." "Oh, sir," she said, and he knew he had done wrong. In her bed, in the dark, she lay and thought: He knew the wizard who named me. Or I said my name. Maybe I said it out loud in my sleep. Or somebody told him. But nobody knows it. Nobody ever knew my name but the wizard, and my mother. And they're dead, they're dead. . . I said it in my sleep. . . . If he lives I will live. . . All the teachers of the art magic on Roke were women. There were no men of power, few men at all, on the island. "Did you talk at all to Master Hemlock?" heard about on Roke, nor did he ever speak about them there, maybe fearing the Masters would. softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep. TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did. "Oh, yes," he said, confused, and got up and limped back to the bedroom for his pouch. He brought. What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic. "What will you have us call you?". I rolled up my sleeve and showed her. . . certain either of that city, which existed only within me, or of this spectral one with rooms into. He strode from the house, turned, and set a fire spell on it so that it burst into flames, thatch and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come. . ." "He told me what it's like," Dragonfly said. "You walk up through the town, Thwil Town. There's a ramp or walkway; I observed that one could pass through the green lines of those lights quite. Otter stated it as an unfortunate fact, not as a moral assertion. Hound looked at him with. He tried to remember how to make light. Anieb said to him, plaintively, "Can't you make the light?" But he could not. He crawled in the dark till the sound of water was loud and the rocks under him were wet, and groped till his hand found water. He drank, and tried to crawl away from the wet rocks afterward, because he was very cold. One arm hurt and had no strength in it. "But even if he's gone," she said, "surely some of the Masters are truly wise?". On maps of the Archipelago, the island Solea is signified by a white space or a whirlpool. . . why?
