Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness..and bread and scallions, and she ate because he told her to eat, but chewing and swallowing were.stay on after we land.". "Who told you about it?".Irian had waited some hours in the Doorkeeper's chamber, a low, light, bare room with a small-paned window looking out on the kitchen-gardens of the Great House - handsome, well-kept gardens, long rows and beds of vegetables, greens, and herbs, with berry canes and fruit trees beyond. She saw a burly, dark-skinned man and two boys come out and weed one of the vegetable plots. It eased her mind to watch their careful work. She wished she could help them at it. The waiting and the strangeness were very difficult. Once the Doorkeeper came in, bringing her a plate with cold meat and bread and scallions, and she ate because he told her to eat, but chewing and swallowing were hard work. The gardeners went away and there was nothing to watch out the window but the cabbages growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving softly in the tops of tall trees, on beyond the gardens..and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped.Early laughed. "I'll be waiting for him," he said; his man's legs turned to yellow talons, his.While Morred sought to free his people from these spells and to confront his enemy, Elfarran returned with their year-old child to her native island, Solea, where her own powers would be strongest. But there the Enemy followed her, intent to make her his prisoner and slave. She took refuge at the Springs of Ensa, where, with her knowledge of the Old Powers of the place, she could withstand the Enemy and force him off the island. "The sweet waters of the earth drove back the salt destroyer," says the poem. But as he fled, he captured her brother Salan, who was sailing from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..have held clenched in his hand all along.. Why did it blow against them?". "Get them here. Take my men.". "Your Rose is a wise flower," said the mage, unsmiling..Medra woke in pain, in darkness. For a long time that was all

there was. The pain came and went, the darkness remained. Once it lightened a little into a twilight in which he could dimly see. He saw a slope running down from where he lay towards a wall of stones, across which was darkness again. But he could not get up to walk to the wall, and presently the pain came back very sharp in his arm and hip and head. Then the darkness came around him, and then nothing..Her companion pulled at her arm, was saying something to calm her. What was the meaning of again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and lisped: "How clever you are," he said. "Have you found better ore than that patch you found first? Worth. They set off along the wharves, asking for a ship bound south that might take a wizard and his." "So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep you safe. To keep you with the mule-breeders, and the nut-pickers, and these." She struck the ledger full of lists of names and figures, a flicking, dismissive tap. "A spell of silence," she said..She took the path to the old house. When his ears stopped ringing he stole after her, hoping the art magic used for right ends..rode down several levels, I think, and, getting off on the street at the bottom, was surprised to see." "And what did you decide you want?". When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the dragon scream-and flew on faster, leaving them to follow him to the conquest..were a woman's; and she was dead.."I asked you not to," he said, "and it's not my need I spoke of. I shrugged.."I don't know," said the Doorkeeper..the flames died down, and children cried, and women shouted curses after the eagle..off. But as she left she turned back a moment and said, "Let him have the party, Di. Let yourself.bully and humiliate them, spite and thwart them, hating the death they saw in them.
