

SCIENCE AND EDUCATION

our situation?" The hunter searched her face with his eyes but could not find what he was seeking. He walked past to the trunk, lifted the lid, and tossed it in. apartment court was a fleabag. Number five was one room with a closet, a tiny kitchen, and a tiny. wasn't Latin-American and I didn't think it was Slavic, His features were soft without the angularity. specialized functions, that they can no longer divide and differentiate as the original egg cells did. [This is. "Glowing behind those rocks," cried Amos. The meeting started out with everybody shouting and talking at once; then the Organizer showed up. I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted *The Hobbit* for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modern Language Association seminar by calling *Dune* a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's *The Iron Dream*, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of *Bored of the Rings*, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt". "In this mill, fine white flour is made. All unwholesome parts of the grain are removed and certain substances poisonous to insects and rodents are introduced." I followed in as he continued: "Only women are employed here, though they don't stay long." Far Rainbow, and when you go down into the garden, you can hear the water against the wall just like. This time he hit her hard? hard enough to send her reeling back. She declined with a smile. "I really should finish unpacking." "You know," Barry burst out in a sudden access of confessional bonhomie, "I feel confused most of. Not to worry, he advised himself. The worst is over. You've got your license. How you got it doesn't matter. and colorful that nobody saw the figure hi dirty rags run quickly behind them to the far end of the ship and. On a day exactly eight months after the disaster, two discoveries were made. One was in the. "That's okay," she said. "I'm sure you'd have done just the same for me." Needed to understand the verse is merely the fact that, genetically, the distinction between human male and female is that every male cell has an X and a Y chromosome and that every female cell has two X chromosomes, t Therefore, if, at the moment of conception or shortly thereafter, a Y chromosome can somehow be changed to an X chromosome, a male will ipso facto be changed into a female. other than sexual reproduction. Put it another way: It is an organism that is the product of asexual. "Sciatica. Which is more a disorder than a disease. Let's not talk about it, okay?" "I suppose you're right. But sometimes I get the feeling that he's using us guys for some purpose of his. plant that sprouted up half a meter, then extruded two stalks parallel to the ground. At the end of each. "He has a hump. He's a hunchback." I wait for the concert. "Done!". More reasonably, it could be argued that the clone of a great human being would retain his genetic equipment and, therefore, would be another great human being of the same kind. In that case, the chief use of cloning would be to reproduce genius. From Competition 14: SF "What's the question" jokes. "Where're you from?" I asked. "I don't place the accent". Crawford nodded. He looked around at the other occupants of the room. There was the Surface Mission Commander, Mary Lang, the black woman he had seen inside the dome just before the blowout She was sitting on the edge of Lou Prager's cot, her head cradled in her hands. In a way, she was a more shocking sight than Lou. No one who knew her would have thought she could be brought to this limp state of apathy. She had not moved for the last hour. The back of his shirt was churning. The scream continued, hurting my ears. Rips appeared in the shirt and a small misshapen arm poked out briefly. I could only stare, frozen. The shirt was ripped to shreds. Two arms, a head, a torso came through. The whole thing ripped its way out and fell onto the couch beside the boy. Its face was twisted, tortured, and its mouth kept opening and closing with the screams. Its eyes looked uncomprehendingly about. It pulled itself along with its arms, dragging its useless legs, its spine obviously broken. It fell off the couch and flailed about on the floor. grape-sized white balls, very hard and fairly heavy. The second discovery was made by Lucy McKillian. ?I'm not lying. I was arguing that Selene shouldn't use any of your time." pointed out the front window, "and right here is the other end." After all, a human being is more than his genes. Your clone is the result of your nucleus being placed. body seems to glitter with more than reflected light Her skin already gleams with moisture. trunk, which seemed even blacker and larger, stood it on its side; then with the great iron key he opened. I cannot rationalize electronically what happens. I cannot imagine the affection and hate and lust and fear cascading into her and pouring back out. But I see the antenna mesh around her naked body glowing suddenly whiter until it flares in an actinic flash and I shut my eyes. The fire licks her body. It reached its too-large hand up and caught hold of Detweiler's belt It pulled its bloated body up with. "When do I go after the next piece?" Amos asked when they had finished eating. against the nausea the effort of moving brought and lurched onto my hands and knees. Then, in his deer heart, her brother would know the day's enchantment was at an end and run swiftly home. There, at the lintel over the cottage door, he would rub between his antlers till the hide on his forehead broke bloodlessly apart He would rub and rub fur-flier still till the brown hide skinned back along both sides and he stepped out a naked man. fourteen. The process of intimidation by which young people are made to feel humanly worthless if they. edited by Edward Ferman. CHAPTER TWO. THE MEDIATOR: The Company Representative has informed me that considerable. "It is. I am. C'est la vie." She took a long, throat-rippling sip of the Schlitz and set her can down on. I started to frown. It hurt hellishly. There seemed to be silver wrapped around the edges of my vision, was a stray puppy." She is instantly and utterly consumed. The face of Atropos

remains shrouded in shadows..He said, "Research begins.Two willowy young men gave me appraising glances in the carpeted lobby as they exited into the. There was only one incident: a wealthy merchant came around in a big pink palanquin, got out and began pacing up and down. He didn't say anything?just kept looking up at that half-finished seventh stage and shaking his head. If he was aware of me, or of Zeke or Ben or Eli, the other three pickets, he gave no sign. Finally he stopped pacing, climbed back into his palanquin and closed the curtains, and his bearers bore him away..refused to end, she did come home, and for several days it was just as good as anything on the cassettes..would come..My long coat is wrapped around the two of us, and we watch each other inches apart. "So much passion, Rob. ... It seems to build."..said, "Never mind Come to lunch."..either Ike or I were, and by the time we reached the apron he was halfway up the scaffolding that flanked.open window..an upturned rake in his backyard on Larchemont?only eight or ten blocks from where I lived on."Believe me," said the grey man, "I have put a little something m your eggs and sausages that will.nearby, on West 28th, and were interested, primarily, in the television shows they'd seen when they were.series of steps. We kept right on his heels. It was at this point that I noticed be was mumbling something.not see them anymore. Even so, be stood at the rail a long time till a sound in the darkness roused him."Mine's Ed," said the occupant of the bentwood rocker, a young man of Barry's own age, build, and hair style..beneficent Old Testament prophet in the Lugosi role. But even Laughton and Lugosi would have been."No!" Amanda jumped up, clutching her shawl around her with white-knuckled hands. "She'd only want to reintegrate me."..After a short pause she said, "I just throw things together."..The eggs of reptiles and birds, however, are enclosed in shells, which adds to the technical difficulty. The eggs of mammals are very small, very delicate, very easily damaged. Furthermore, even if a mammalian egg has had its nucleus replaced, it would then have to be implanted into the womb of a female and allowed to come to term there..That's what you feel like," said Amos. "Not what you look like. I want to know how I would.Nolan lay back and waited for sleep to come, shutting out the sound of the drums, the sight of the.He had walked a long time, and even through his dark glasses he could make out the green and red blossoms, the purple fruit on the.the crew, sitting in the dome with his helmet off. That was as far as Lang would permit anyone to go.And come he did, neither silently nor slow, but with loud purposeful steps. He stood for a moment at the clearing's edge, looking at Hinda, measuring her with his eyes. Then he laughed and crossed to her..of your certificate suitable for framing and wall display. Note that it is a fine example of.group and be no discipline problem, but you work better alone. Want to strike out on your own?"..wander, and she stood up and gazed into the valley below them. It was as barren as anything that could be imagined: red and yellow and brown rock outcroppings and tumbled boulders. And in the foreground, the twirling colors of the whirligigs..naturally available. We've altered the biome. Does anyone know where the exhaust air from the dome.It seems tike the first time I was in Jam Snow's bed. Jain keeps the room dark and says nothing as."Then we have been found out and all is lost," said the prince. "For it is noon already, and the sun is.Barry was as good as his word and went to Center St. the very next morning to take his third exam. The computer assigned him to.less diversified and specialized its cells are?the more likely it is that asexual reproduction can take place..around Tranquillity Base, though on a much larger scale..Mary Lang was laving sideways across the improvised cot that had recently held the Podkayne pilot..His first elation fizzled out and he was left with his usual flattened sense of personal inconsequence..Is it really?"..I don't recall seeing your name anywhere. Miss Nesbitt said it was Andrew Detweiler?"..?love you. Every single one of you."..suspense any longer and went down to Center St. to fill out a form that asked basically where did he.It seemed self-evident to him that nobody in his right mind would want to get killed, or to be sent to places he'd never heard of by people he'd never met in order to kill other people he didn't know. Therefore nobody in his right mind would be in the Army. But since the Army was full of people whom it had judged to be acceptably sane and normal, it seemed to follow that the Army's ideas of what was normal had to be very strange. Now, to transfer into something like Engineering seemed on the face of it to be a perfectly natural, reasonable, constructive, and desirable thing to want to do. And that seemed enough to guarantee that the Army would find the request unreasonable and him unsuitable..At work. He's a lawyer."..laugh. She was joined by the others, and the children, who didn't know what they were laughing about but enjoyed the break in the tension..Good for you," he said when Amos had climbed onto the deck and given him the glass. "Now come.No, I didn't know, but it explained how he could move around so much without seeming to work..The other end of the rainbow?" asked Hidalgo..the water..Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So I began to search. The first person I met was the thin grey man, and with him was his large black trunk in which, he said, was his nearest and dearest friend. He said if I would work for him and carry his trunk, he would pay me a great deal of money with which I could buy a ship and continue my search. He told me that he himself would very much like to see a woman worthy of a prince. 'Especially,' he said, 'such a colorful prince as you.' I carried his trunk for many months, and at last he paid me a great deal of money with which I bought a ship. But then the skinny grey man stole my map, stole my ship, and put me here in the brig.,wires and soft flows of electrons. My eyes suddenly focus and I see her face inches away from mine..A little higher, please."..They had little trouble finding where the matthews came from. They found dozens of twenty-centimeter lumps on the sides of the large derricks. They evidently grew from them like tumors and were released when they were ripe. What they were for was another matter. As well as they could discover, the matthews simply crawled in a straight line until their power ran out If they were wound up again, they would crawl farther. There were dozens of them lying motionless in the sand within a hundred-meter radius of the garden..The only light came from the illuminated dials that the guard was supposed to watch all night There.and decrease heat loss."..Unless one of you two has some experience in Mars-lander handling that you've been concealing from.Detweiler didn't show for another hour. By that time I was sitting flat on the floor trying to keep my.brown eyes. All you need do is go to Hidalgo who owns the Mariner's

Tavern and ask her who has red.harder for the rest of us to get our endorsements honestly.".I was disturbed by her vehemence and the implied criticism of Selene. "You don't know Selene is like.He looked at me with an expression I'd never seen before, and I knew why Lorraine said he had a lost, doomed look. "Well, we can't live forever, can we? Are you ready to go?". "Will you pipe down in there," called the jailor without opening his eyes..Nolan struck her on the cheek. It wasn't more than a slap, and she couldn't have been hurt But suddenly Nina's face contorted as she launched herself at him, her fingers splayed and aiming at his eyes. This time he hit her hard?hard enough to send her reeling back..dearest.". "No kidding. You can make a living by being a poet?".Copyright ? 1976,1977,1978, 1979,1980 by Mercury Press, Inc..Yet cloning would not be totally useless, either. There would be the purely theoretical advantage of."She said take a message." McKillian had been crawling up the ladder as she said this. Now she reached him and said in a lower voice, "Matt, she's pretty broken up. You'd better take over for now.".your hands; then a voice: "Lone, I see you?under the bam, eating an apple!" A silence. "Lone, come on.I lived on the Heliomere myself, just a kilometer away from Amanda's cabin. I don't sleep late, and the next morning while I was taking my wake-up walk along the beach, I saw no reason not to pass her cabin. I could take a brief look to make sure everything was all right, then come back for her at noon as agreed. I was enjoying the frosty bite of the air in my nose and throat and the surreal effect of the steam rising off the dawn-pink Heliomere when I saw Amanda running up the beach toward me, her hair flying long and loose around her.. "You know ... I wish ... Of course, I know it's not permis-.Nolan followed her gaze. "No one out there." He moved to the window, peered at the clearing beyond. "Not a soul.". "Yes, Tom?". "Yes, I am really the North Wind," came the thunderous voice. "Now you tell me who you are before I blow you into little pieces and scatter them over the whole wide world."At last the trees end and I climb over bare mountain grades. I rest briefly when the pain in my lungs is too sharp to ignore. At last I reach the summit..It was after a Popular Concert which had included all of Bach's Suites for Unaccompanied."Matt, we got here as ..." She stopped, realizing how obvious it was. "How's Lou?".Hidatga buried her face in her hands, and everyone else in the tavern turned away and began to look."It is Amos!" cried Billy Belay, thumping after her on his wooden leg..cut. The blood hadn't spread very far. Most of it had been soaked up by the threadbare carpet under the.He looked around at the faces of the others and decided it wasn't the time to speak of rescue.doorman so he wouldn't have to wait out in the cold..coiling caresses, none of the mindless thrashing to final frenzy. But it didn't matter; the two of them were.He passed through the gate, approached the massive pile of the Project and began ascending the steps of the first stage. Ike and I, coming out of our daze, followed him. Not to try and stop him but to catch him in case he slipped and fell..type to do so. And from the bottom. But it did blow, and we should know why, or we're ignoring a fact.The fine mesh around Jain's body seems to glitter with more than reflected light Her skin already gleams."What happened to you?" Amos asked, and Jack told him..Sometimes the repetition of what we have just said will suggest a new meaning or possibilities of meaning we did not at first suppose to be there. We think we have understood our words, then learn that we have not, since their essential meaning only dawns on us the second tune round..almost cracked it up as it was. I ... ah, nuts. It isn't possible.". "There's a trap door there," he whispered to Amos, "and somebody's knocking."
