

# ART OF THE GODDESS ART MYTH AND MEDITATIONS OF THE WORLDS SACRED F

"Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want." Sometimes Celestina marveled at how intimately and inextricably the tendrils of tragedy and joy were intertwined in the vine of life. Sorrow was often the root of future joy, and joy could be the seed of sorrow yet to come. The layered patterns in the vine were so complex, so enrapturing in their lush detail and so fearsome in their wild inevitability, that she could fill uncountable canvases, through many lifetimes as an artist, striving to capture the enigmatic nature of existence, in all its beauty dark and bright, and in the end merely suggest the palest shadow of its mystery..At eleven o'clock Saturday morning, having just settled in the hotel after arriving from St. Mary's, they were waiting for the SFPD to deliver suitcases of clothes and toiletries that Rena Moller, Celestina's neighbor, had packed according to her instructions. While waiting, the three of them took an early lunch-or a late breakfast-at a room service table in the living room..Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul..The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable..The 9-mm pistol and the ammunition were on the foyer table. With trembling hands, Junior tore open the boxes and loaded the gun..Through the big window beyond her, the charry branches of the massive oak tree formed a black cat's cradle against the sky, leaves quivering slightly, as though nature herself trembled in trepidation of what Junior Cain might do..Junior remembered the very words the detective had used: They say she died in a traffic accident..He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." "But what made you choose that life? You must have committed to the seminary awfully young." "Honey," Angel said to her daughter, "show us that game you were just playing with Koko. Show us, honey. Come on. Show us. Show us." In the kitchen, Barty sat at the table, and Paul's heart pinched at the sight of the boy in padded eyepatches.. "No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little." Summary: Explores further the magical world of Earthsea through five tales of events which occur before or after the time of the original novels, as well as an essay on the people, languages, history and magic of the place..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver..They ordered martinis, and when Kathleen, perusing a menu, asked her husband what looked good for dinner, he suggested, "Oysters?" To Agnes, Jacob said, "Likely to be a sunnier fortune if the cards are bright and fresh, don't you think?"..playing cards, Agnes fixated on Deed's blond bangs, which curled across his broad brow..The roses filling the countersunk vases in the comers of Joey's gravestone were not Edom-grown, but they were Edom-bought. He had visited the florist himself, personally selecting each bloom from the inventory in the cooler; but he didn't have the courage to accompany Agnes and Barty to the grave..Two soft-boiled eggs, one slice of bread neither toasted nor buttered, a glass of apple juice, and a dish of orange..The cop had unzipped the top of her jogging suit and pulled up the roomy T-shirt.As they savored the icy martinis, she asked about the client, and Nolly said, "He bought the story. I won't be seeing him again." Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret." "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in he universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." When the sound-suppressor was properly attached to the pistol, Junior Cain leaned closer to the girl, peered into her eyes, and whispered, "Naomi, are you in there?" Near the top of the stairs, Barty thought he heard voices in his bedroom. Soft and indistinct. When he stopped to listen, the voices fell silent, or maybe he only imagined them..Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles..Google didn't realize that he was an object of disgust. He wiggled his eyebrows in what he evidently assumed to be an expression of male camaraderie, and he nudged Junior with one elbow..Most likely, if Victoria was entertaining, the visitor's car would have been parked in the driveway..When he woke in- the morning, he raised his head from the pillow to look at the alarm clock-and saw the twenty-five cents on his nightstand. Two dimes and a nickel..He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct

told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated..This trick, however, was far more difficult than walking where the rain wasn't. Sustaining vision took both a mental and physical toll from him..From these ominous spatters, several fibers bristled, having stuck to the pewter when the drizzle was still wet. They appeared to be human hairs..Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers." Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired..He left the party and stood in the street for a while, taking slow deep breaths, letting the brisk night air clean the pot smoke out of his lungs, slow deep breaths, suddenly sober in spite of the beer he'd drunk, slow deep breaths, as chilled as a slab of beef in a meat locker, but not because of the cold night..The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police..Designed by Linda Lockowitz Text set in Adobe Jenson First edition ACBGIKJHFDB.A smoldering cigarette, usually dangling aslant from one corner of a hard mouth set in a cynical sneer, was standard issue for tough-guy gumshoes, but Nolly didn't smoke. His failure to develop this bad habit resulted in a less satisfyingly murky atmosphere than the clients of a private dick might expect..Tears burst from Junior, stinging torrents, a salt sea of grief that blurred his vision and bathed his face in brine. "Get out of here, you disgusting, sick son of a bitch," he demanded, his voice simultaneously shaking with sorrow and twisted by righteous anger. "Get out of here now, get out!".Perhaps hoping to discover which runaway freight train or exploding factory would smear him across the landscape, Jacob pushed aside his dessert plate and shuffled each deck separately, then shuffled them together until they were well mixed. He stacked them in front of Maria..Junior had hoped not to be recognized by anyone at this affair. He regretted that he hadn't stuck to his original plan, maintaining surveillance of the gallery from his parked car..Striving to appear casual, but obviously unnerved, the pencil-thin man backed off again. "The paintings are lovely, wonderful, I'm enormously impressed. I'm a friend of the artist's, you know. She was a tenant of mine, I was her landlord during her early college years, in her salad days, a nice little studio apartment, before the baby. A lovely girl, I always knew she'd be a success, it was so apparent in even her earliest work. I just had to come tonight, even though a friend's covering two of my four sets. I couldn't miss this.".The rocking chair stopped squeaking under her. She heard the sincerity in Vinnie's voice, and as her disbelief dissolved, she was shocked into immobility. She whispered, "My little superstition."..Junior said nothing. He was still upset with Naomi for hiding the pregnancy from him, but he was delighted that the baby would have been his. Now Vanadium couldn't claim that Naomi's infidelity and the resultant bastard had been the motive for murder..Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices-to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth..In those days they had no fixed names for the various kinds and arts of magic, nor were the connections among those arts clear. There was-as the wise men of Roke would say later-no science in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents..White's paintings, which Junior found naive, dull, and insipid in the extreme. She imbued her work with all the qualities that real artists disdained: realistic detail, storytelling, beauty, optimism, and even charm.."Honey," she said, crouching to peer at him through the vertical slats of the playpen, "what're you doing?".a time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike.Apparently Maria wished that she'd brought a rosary to dinner. With the fingers of her right hand, she pinched the knuckles of her left, one after the other, as if they were beads..She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the.As one, those around the table raised their eyes to the ceiling and smiled at the sound of the downpour. Barty, with patches over his empty sockets, also looked up with a smile..Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me."."The exquisite kind," he replied, glad that he had read so many books on the art of seduction and therefore knew precisely the right thing to say..Requital. Restitutional apology, which must have been learned in a law school where English was the second language. Even atonement..Even on good days, when he wasn't hassled by the spirits of dead cops and wasn't prepping himself to commit murder, Junior sometimes grew uncomfortable in these bustling crowds. This afternoon, he felt especially claustrophobic as he shouldered through the throng-and admittedly paranoid, too..Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding..He placed a phone call to Kaitlin Hackachak, his trollish and avaricious sister-in-law, asking her to dispose of Naomi's things, their furniture, and whatever of his own possessions he chose to leave behind. Although she

had been awarded a quarter of a million dollars in the family settlement with the state and county, Kaitlin would be at the house by dawn's first light if she thought she might make ten bucks from liquidating its contents.. "So where he threw the quarter," Barty said, as Angel listened intently and nodded her head, "wasn't really into Gunsmoke, 'cause that's not a place, it's just a show. See, maybe he threw it into a place where I'm not blind, or into a place where he doesn't have that messed-up face, or a place where for some reason you never came here today. There's more places than anybody could ever count, even me, and I can count pretty good. That's what you feel, right-all the ways things are?" "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to." At the conclusion of the ceremony, he relinquished his secondhand sight. He would live in darkness until Easter of 1986, though every minute of the day was brightened by his wife.. "So do I, honey. Oh, Lord, so do I." She kissed his forehead. "Listen, kiddo, in spite of their stories and all their funny ways, your uncles are good men." As red as Angel had been for her evening outing, she was that yellow for retirement to bed in her own home. Two-piece yellow jersey pajamas. Yellow socks. At the girl's request, Celestina had tied a soft yellow bow in her mass of springy hair.. Her lead gaze was still surprisingly clear. How remarkable that the impact hadn't caused a starburst hemorrhage in either of her exquisite, lavender-blue eyes. No blood, lust surprise.. Although Dr. Lipscomb spoke almost as softly as the long-winded pianist, and though the physician's narrow face was homely and devoid of any trace of violent temperament, Neddy Gnathic flinched from him and retreated across the threshold, into the hallway.. The white padded eye patches rebuffed her, and she realized how profoundly the boy's double enucleation would affect how easily she could read his moods and know his mind. Here was a littler loss until now shadowed by the greater destruction. Denied the evidence of his eyes, she would need to be better at noting and interpreting nuances of his body language-also changed by blindness-and his voice, for there would be no soul revealed by hand-painted, plastic implants.. The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love.. Now her mooring was Wally Lipscomb-obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked.. Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it.. Maria, however, lived comfortably with both the Catholicism and the occultism in which she had been raised. In Hermosillo, Mexico, the latter had been nearly as important to the spiritual life of her family as had been the former.. "I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession." Even when he saw no cop cadaver, no ghoulish grin, no two-bit eyes, Junior was not immediately relieved. Warily, he circled the car, expecting to find the detective crouching and poised to spring.. "Really, Angel," Barty said with genuine concern, "it might be scary. I got another one we could listen to, if you want." Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense.. "I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me." Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized.. and half rotten. She tore it. With the small scissors, she opened the shoulder seam from the inside.. They hadn't been close to Naomi, who'd once said she felt like Romulus and Remus, raised by wolves, or like Tarzan if he'd fallen into the hands of nasty gorillas. To Junior, Naomi was Cinderella, sweet and good, and he was the love-struck prince who rescued her.. The family didn't exist in anticipation of developments with Barty and Angel, didn't put the pair at the center of their world. Instead, they did the good work, shared the satisfactions that came daily with being part of Pie Lady Services, and got on with life.. "Periodic violent emesis without an apparent cause can be one indication of locomotor ataxia, but you've no other symptoms of it. I wouldn't worry about that unless this happens again." The strange barrage of lightning, putting an end to the rain rather than initiating it, had been a clue. The rapid clearing of the sky-indicating a stiff wind at high altitudes, while stillness prevailed at ground level-a sudden plunge in the humidity, and an unseasonable warmth confirmed the coming catastrophe.. When he was baking, the world seemed to be a less dangerous place. Sometimes, making a cake, he forgot to be afraid.. "You'll do better away from the ships, all the fighting and raiding. The King's working the old mines at Samory, round the mountain. There you'd be out of his way. Work for him you must, if you want to stay alive. I'll see that you're sent there. If you'll go." Ordinarily, a child of three would be too young to learn the use of a blind man's cane, but Barty wasn't ordinary. Initially, no cane was available for such a small child, so

Barty began with a yardstick sawn off to twenty-six inches. By his last day, they had for him a custom cane, white with a black tip; the sight of it and all that it implied brought tears to Agnes just when she thought her heart had toughened for the task ahead..From the corner armchair, as if he could see so well in the dark that he knew Junior's eyes were open, Detective Thomas Vanadium said, "Did you hear my entire conversation with Dr. Parkhurst?". This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still..This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate..Junior considered leaving before Vanadium-still seventy-five yards away-arrived. He was afraid he would appear to be fleeing..The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number..A mere silhouette against the fluorescent glare, Vanadium stepped it the hall. The bright light seemed to enfold him. The detective shimmered and vanished the way that a mirage of a man, on a fiercely hot desert highway, will appear to walk out of this dimension into another, slipping between the tremulous curtains of heat as though they hang between realities..Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other..With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously..By nature, she was unable to hold fast to resentment, couldn't nurture a grudge, and was incapable of vengeance. She had forgiven even her father, who had put her through hell for so long, who had blighted the lives of her brothers, and who had killed her mother. Forgiving was not the same as condoning. Forgiving did not mean that you had to exonerate or forget..Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal..He felt for the railing. Grasped at the empty air only briefly. Found the handrail. He climbed to the porch..Earthquake weather. Southern Californians had many definitions of that term, but Edom knew he was right this time. Thunder would roll again soon, but it would arise from underfoot..Both the red and the white wines were too cheap for Junior's taste' so he drank Dos Equis beer and got two kinds of high by inhaling enough secondhand pot smoke to cure the state of Virginia's entire annual production of hams. Among the two or three hundred partyers, some were tripping on some exhibited the particular excitability and talkativeness typical of cokeheads, but Junior succumbed to none of these temptations. Self-improvement and self control mattered to him; he didn't approve of this degree of self indulgence..Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English..As kids-living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God-they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches..Opening his eyes blinking back his tears just as more agonizing contractions knotted his abdomen, he could see ribbons of red in the watery green mess that gushed from him. Bright red. Gastric blood would be dark. This must be pharyngeal blood. Unless an artery had ruptured in his stomach, torn by the incredible violence of these intransigent spasms, in which case he was puking his life away.."I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?". The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary..Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system, without permission in writing from the publisher..He considered calling her, but he didn't know what he would say if she answered..Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler.
