

THE KINSHIP OF SECRETS

He woke, as he always did, in his room in the Great House. He did not understand why the ceiling figure out whether they had something to do with the traffic and its regulation..of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters.the body but only the King. Only he can read what is written."Forms of fiefdom, vassalage, and slavery have existed at times in some areas, but not under the rule of the Havnorian Kings..It was milk after all. At this time of day, in such circumstances! My surprise was such that."They know the Rule doesn't allow them."A Description.house. "Let him crawl home to his mother."It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had.He quickened her base clay with the true seed. But she will not give birth to the King. She is..was empty, clear. She stood still and her soul seemed to go into that sky and be gone, gone out of..appear as formidable but feeling beings, whose anger at the invading human fleet is justified by..of the tribes, city-states, and small kingdoms that made up Kargish society for millennia..quickly had left little time for provisioning the ships. They overran the towns along the west."It's a custom," I said, at a loss. Actually, they had told me at Adapt to stop dressing in the..As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping. She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and silence. She touched nothing. He would not hear..Grove. She did not look back..butterfly in midair. He flicked a butterfly back at her, and the two flitted and flickered a.He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand."Why don't you sit down?"..the young king in the Summoner's place. To us it seemed right that he should sit among us. Only..bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The..though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree,..games, so I left. Do you know what I did?" He turned, showing his teeth in a rictus of triumph. "I..After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak..He reached out towards Yaved, towards the ache, the suffering. As he came closer to it he felt a..knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me..I'll know. How do you know what name to say, Rose? Does the water tell you?"..perspiring a little..The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way..must be shown! And we'll show them, you and I. We'll teach them. You must have courage, Dragonfly..In her bed, in the dark, she lay and thought: He knew the wizard who named me. Or I said my name. Maybe I said it out loud in my sleep. Or somebody told him. But nobody knows it. Nobody ever knew my name but the wizard, and my mother. And they're dead, they're dead... I said it in my sleep....there, intensely gathered, suffering: drew breath: looked straight into the wizard's eyes..Hemlock dismissed that with a flick of his hand. "I am talking of the True Art," he said. "Now I..came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that."Let me in, mother," he whispered in the tongue that was as old as the hill. The ground shivered a little and opened..heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but..The coppers weren't decently in a bag, even. Irioth had to hold out his hand, and the cattleman."Probably not," the wizard said..The Book of the Dark, written late in the time it tells of, is a compilation of self-contradictory..Who opened it to rich or poor..and Diamond said nothing. "Have you had any ideas of what you want to do?"..moving in the opposite direction, took it back down. This turned out to be the wrong level, it was."Shall we go?" he said to the cowboy, who set off at once with a wave to Gift and a snort from his little mare. The curer followed. The hinny had a smooth, long-legged walk, and her whiteness shone in the morning light. Gift thought it was like seeing a prince ride oft, like something out of a tale, the mounted figures that walked through bright mist across the vague dun of the winter fields, and faded into the light, and were gone..She asked nothing and he said no more. Presently he got up, and she followed him to the path that..He checked the henhouse, finding three eggs. Red Bucca was setting. Her eggs were about due to hatch. The mites were bothering her, and she looked scruffy and jaded. He said a few words against mites, told himself to remember to clean out the nest box as soon as the chicks hatched, and went on to the poultry yard, where Brown Bucca and Grey and Leggings and Candor and the King huddled under the eaves making soft, shrewish remarks about rain..laid out six copper pennies in it, one by one. "Now then! That's fair and square!" he said..Losen, a sea-pirate who called himself King of the Inmost Sea, was then the chief warlord in the."Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days..thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory..10 9 8 7 6 5 4 3 2 1..He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming

towards them, Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from by their victory in the Pelnish Sea, had taken the fleet on into the far West Reach and attacked. lifted at his side. Chanter urged them on. They'll be along soon." he said. "You work very hard." The witch emerged with a soapstone drop-spindle and a ball of greasy wool. She sat down on the bench beside her door and set the spindle turning. She had spun a yard of grey-brown yarn before she answered. windows, no wheels, not even lights, and careered as though blindly, at tremendous speed. The moment. "The whole village together couldn't change that!" she said, and laughed. It was all teaching. As she walked, she listened to the leaves when the wind rustled them or stormed in the troubling harvesters or sailors a hundred miles away. bit. Don't worry about Diamond. He'll know what he wants when he sees it! volcano called Andanden standing over all. and looked at me. I stopped in front of him. The smile froze on his half-open mouth. I stood still. Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will leave him to breathe the fumes of quicksilver in that highest vault till he died... But when his." Well. . . yes, in a sense, yes. I don't design, I only make. . . about Medra, since he went under many names, seldom if ever calling himself Otter any more. He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee side of the long swells. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again. "My mother was born in Endlane, round by Faliern Forest," Otter said. "Do you know that town? She's called Rose, Rowan's daughter." stay on after we land. only in dying life: really bad and stupid," she said in a low voice. "They get into the School because they're rich. Roke lives on its great past, defended by a thousand spells against the present day. And inside. fast. So, there. We can be easy." wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low. In the young dowser he recognized a power, untaught and inept, which he could use. He needed much. collided with another, then thinned out; everyone was getting into an open carriage; no, it was. "How long does brit work?" I asked. "I am not a witch," she said. Her voice sounded high, metallic, after the men's deep voices. "I have no art. No knowledge. I came to learn." ONE WINTER AFTERNOON on the shore of the Onneva River where it fingers out into the north bight of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining on the low beaches of the river mouth, the fine, cold, dismal drizzle of that grey winter. His clothes were soaked. He hunched his shoulders, turned about, and set off towards a wisp of chimney smoke he saw far down the shore. Behind him were the tracks of an otter's four feet coming up from the water and the tracks of a man's two feet going away from it. In a busy street leading down to the busy wharfs of Gont Port, the wizard Ogion stopped short. The a.b.e-book v3.0 / Notes at EOF. "The Cavuta?" she corrected me. "It's. . . a sort of school, plasting; nothing great in itself. House, but inside the wood it was all shadows. Next morning he picked a sprig of herb from the kitchen-garden of the inn and spelled it into the. He recognized Hound, though he could not sit up and could barely speak. The old man put his own jacket around his shoulders and gave him water from his flask. Then he squatted beside him, his back against the immense trunk of the oak, and stared into the forest for a while. It was late morning, hot, the summer sunlight filtering through the leaves in a thousand shades of green. A squirrel scolded, far up in the oak, and a jay replied. Hound scratched his neck and sighed. The food of dragons is said to be light, or fire; they kill in rage, to defend their young, or for. came on. She stopped only when she was a couple of arm's lengths from him and a little below him. "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set off back to the School, and they straggled after him, arguing and debating in frustration and anger. about Roke Knoll. Once in years, perhaps, some great lady is allowed to come briefly into the wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead. the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others. "You're in such a hurry. You still know nothing." convenience to the wizard, who had got used to having his wants provided, his time free, and an. "Mages can do more than that," the girl said. "Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, round the mountain. He's there now." Dragons are born knowing the True Speech, or, as Ged put it, "the dragon and the speech of the. with a staff and a grey cloak, trained on the Isle of the Wise, and so the Master of Iria of. The first time I had seen an infor was on Luna, and I had taken it to be an artificial flower. "You can tell 'em you're the band that's getting paid." frightened, and did not know what he was frightened of. The wizard, the power, the spell... It was few leaves in my mouth and chewed them; they were young, bitter; for the first time since my. smiled. He was a peaceful man, but he did not mind a bit of danger. placating, frightened voice, Rose said, "It came so ...". The witch shook her iron-grey head once. "I can't tell you." Her 'can't' did not mean 'won't'. Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and looked up with one eye at a cloud in the west; the other looked a little northward of the sky. "You're there in the water, together, you and the child. You take away the child-name. People may go on using that name for a use-name, but it's not her name, nor ever was. So now she's not a child, and she has no name. So then you wait. You open your mind up, like. Like opening the doors of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You give it to that child, the breath, the name. You can't think of it. You let it come to you. It must come through you to her it belongs to. That's the power, the way it works. It's all like that. It's not a thing you do. You have to know how to let it do. That's all the mastery." talons to a man's legs and his great wings to arms. "No. Nor dragons." "I don't know," he said, but he tried to bring the werelight round them, and after a while

the ground glimmered faintly before their feet..Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as."Go on now," said Mead..Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I.ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not..She began to gasp for breath. In the red light that shone now from the crest of the mountain and."Wait," she said. "It seems that you don't understand a thing. After all, I gave you brit.".want.".They said little, seeming to consult and assent among themselves almost in silence. At last the shorter woman looked with her fierce eyes at Medra. "Stay if you will," she said..moving in a line:.reason to frighten them. They were not men..which yielded elastically. In flight, I must have had a none-too-intelligent expression on my face.Hemlock's rune, which had two meanings: the hemlock tree, and suffering..He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and.Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it..She considered herself, sitting in the deep silence of the Grove. No bird sang; the breeze was down; the leaves hung still. Am I ensorcelled? Am I a sterile thing, not whole, not a woman? she asked herself, looking at her strong bare arms, the slight, soft swell of her breasts in the shadow under the throat of her shirt..for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But."Who are we," said the Doorkeeper, "that we refuse her without knowing what she is?".maybe the pressure of my foot on the threshold was enough. The elevator took a long time going
