To write in the True Runes, as to speak the Old Speech, is to guarantee the truth of what one says-if one is human. Human beings cannot lie in that language. Dragons can; or so the dragons say; and if they are lying, does that not prove that what they say is true?."Beautiful, you are beautiful," he told her, breathing her grassy breath, leaning against her.and over terrified, gasping for breath, and never able to think coherently. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. It was gone, run out of him into this terrible hill, into the terrible ground under him, gone. He was no wizard, only a man like the others, powerless.. "I could fly there as a tern and be back on the ship before daylight," he said to himself, but idly. He was bound for O Port. Ruined lands were all too common. No need to fly to seek them. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. No wonder I kept thinking about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center, find the center. That's the question to ask. That's what to do..." As he muttered on to himself, routing out his heavy cloak, setting water to boil on the small fire he had lighted earlier, he wondered if he had always talked to himself, if he had talked all the time when Silence lived with him. His face was large and long, whiter than any face Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and cheeks. His calm, open smile showed small teeth, several of them missing. "Those who have learned to see truly can see him as he is, the lord of all substances. The root of power lies in him. As "Never fear," Diamond said, turned on his heel, and strode out. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded.
