Another reason he loved her..will that hurried his steps..It was the best he could do in protest against the misuse of good work and a good ship. He was.MORRED.She looked up at him, her sharp, strong face softened by the shadowy lantern-light. "If it was only to make love you brought me here, Ivory," she said, "we can do that. If you still want to."..He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay of Havnor. He would not see it again unless he went through that narrow passage. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world.."but a crafty man. Well, you're not the first.".. "Ah, ah, ah," said the old wizard..She came back into herself, into the still air under the trees. Yet she felt no.ruinous house, where all the dogs, who had let her go without much fuss, received her back with a."Anywhere. Run away."..For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a mere toy, such as music or tale-telling, but a practical business, which his business could never quite equal. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards.."I think, if you stayed, Heleth, we could talk."..Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad.could sink in the sea as deep as Solea. Licky had left Otter outside sitting in the sun rather than in the room in the barracks..So he came to feel that those hours were true meetings with her, and he lived for them, without knowing what he lived for until his feet were on the cobbles, and his eyes on the harbor and the far line of the sea.
