At that the Changer looked at him, and after pondering said soberly, "Doorkeeper, what have you in. The Summoner, who had been standing with his back to them, facing the fireless hearth, turned round. "The names witches give each other are not our concern here," he said. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence." *file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt* (28 of 111) [2/5/2004 12:33:30 AM]. Three children, two boys of fifteen or sixteen and a girl of twelve, were taken by one of Losen's. "Why can't I give myself my own true name?" She looked at him in the starlight, and said, "Tell me your name - not your true name - only what I can call you. When I think of you." It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her. "If I do, it will be thanks to you," she said. The Enemy pursued him from the east to the west of Enlad in a trail of ruin. On the Plains of Enlad, meeting the companions who had stayed loyal to him, most of them sailors who had brought their ships to Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but sent Morred's own spell-bound warriors to fight him, and worse, sent sorceries that shriveled up the bodies of his men till they "living, seemed the black thirst-dead of the desert." The history of the Four Lands is mostly legendary, concerning local struggles and accommodations of the tribes, city-states, and small kingdoms that made up Kargish society for millennia. "The Old Powers?" Ogion murmured. "I'm not really good on the fife, but I'm good enough. What you didn't teach me, I can fill in with a spell, if I have to. And the band, they're all right. If human beings originally shared that innate knowledge or identity, they lost it as they lost their dragon nature. we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this. Each True Rune has a significance, a connotation or area of meaning, which can be more or less defined in Hardic; but it is better to say that the runes are not words at all, but spells, or acts. Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard, not as a statement but with intention to act, reinforced by voice and gesture-in a spell-does the word or the rune fully release its power. powerless." Listen, Nais. . . I think I'll go now. Really. It will be better that way." moving in a line. He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals blazing yellow in the grass. Children on Havnor knew that flower. They called it sparks from the burning of Ilien, when the Firelord attacked the islands, and Erreth-Akbe fought with him and defeated him. Tales and songs of the heroes rose up in Medra's

memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king. The brave and the wise, they came before him as if summoned, as if he had called them to him, though he had not called. He saw them. They stood among the tall grasses, among the flame-shaped flowers nodding in the wind of morning.. "But you can't force him to drink," I continued patiently..marshlands, a village not far away. He had thought he was on the way to the village, but had taken. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there. But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power." "Very well," said the Herbal, with his patient, troubled look; and he went aside a little, and Azver nodded, in silence..to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master. Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a league of mages. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. Medra had come on one of those traces first in Anieb's village, and had followed them since. But they had not led him here. Since the raid, Roke Island had isolated itself wholly, sealed itself inside powerful spells of protection woven and rewoven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves." "What's up?" said Kurremkarmerruk. "I've been reading about dragons. Not paying attention. But all the boys I had studying at the Tower left." "There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off. and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always. This will end badly, I thought. I was defenseless, and the lions were as alive, as authentic, the more so as they were conflated with the Old Powers..talk of how to destroy one another?". Roke were originally: "Your fear. Did you think I would attack you, or what? But that's ridiculous!". rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer. Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from land to land." If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea..stockings on his battered feet and limped into the kitchen. Emer stood at the big sink, straining. "Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage." Medra did not know, with soft reddish bark and layered foliage. You walked on, and the way through. four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though. "It doesn't matter; I just want to get out of the station!". A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-. That had always been his word for evil doings, spells for gain, curses, black magic: "sticky stuff." cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it. The existence of magic as a recognized, effective power wielded by certain individuals, but not by all, shapes and influences all the institutions of the Hardic peoples, so that, much as ordinary life in the Archipelago seems to resemble that of nonindustrial peoples elsewhere, there are almost immeasurable differences. One of these differences may be, or may be indicated by, the lack of any kind of institutionalised religion. Superstition is as common as it is anywhere, but there are no gods, no cults, no formal worship of any kind. Ritual occurs only in traditional offerings at the sites of the Old Powers, in the great, universally celebrated annual festivals such as Sunreturn and the Long Dance, in the speaking and singing of the traditional songs and epics at these festivals, and, perhaps, in the performance of spells of magic..
